FACE TO FACE

LIMITED NOBILITY

MADE OF PASSION

Only a limited number of bottles are honoured with the hand-sealed wax and the F2F label. The brand name can be deciphered as “face to face” – the most effective way of human communication, involving all senses. In order to involve yours, we spare no efforts: we introduce varieties that are new to the country, present unusual blends, give enough time for all wines to mature in new French barrels and age for at least seven months in bottle before launching them on the market, we put skills acquired over the years and what we have learned around the world, in exclusive selection and shortest batches. Weather it is for the wine or because of the wine, let us talk face to face.
